# GREY KITCHENS THAT ARE FAR FROM BORING

The possibilities for this sophisticated hue are endless.

While an all-white kitchen is timeless, experimenting with a grey palette can be just as chic. Grey cabinets, grey tiles, and grey decor can lend a sophisticated air to a kitchen. The classic neutral is not quite as stark as a white kitchen or as daring as a black design scheme.

**WARM GREY KITCHEN**

In this glam Chicago home, a warm grey kitchen features a backsplash that's lined with Moroccan tiles from Ann Sacks along and a cantilevered island with Carrara countertops to maximize space.

**STRIKING GREY KITCHEN**

This Luxe Lincoln Park kitchen designed by Abruzzo Kitchen + Bath benefits from a striking grey palette. The design scheme includes a honed Bianca Perla Quartzite stone, painted cabinets, and wrought iron pulls. A cased opening showcases a La Cornue oven with black graphite and copper and nickel accents, along with a custom metal hood.

## LONDON-INSPIRED GREY KITCHEN

An abundance of grey tones fill a Manhattan kitchen designed by Steven Gambrel. The space, which is inspired by a popular London cocktail bar, includes custom kitchen cabinetry and an island, as well as glossy subway tiles by Ann Sacks. The chandelier is Serge Mouille.

## GLOSSY GREY KITCHEN

Grey tiles in a pearl-like finish boost the style factor in this cozy kitchen, featuring black and white checkered flooring.

## ELEGANT GREY

The Miami aerie that supermodel Joan Smalls calls home features a kitchen that's outfitted with grey seating by RH, Restoration Hardware, which complements the grey cabinetry.

## SLEEK GREY

Workshop/APD's Matt Berman and Andrew Kotchen designed this grey kitchen with concrete floors and a matching island. Sunny yellow counter stools from Counter Evolution add to the look.

## SOPHISTICATED GREY KITCHEN

Dark charcoal cabinetry adds contrast to the bright white walls and sleek marble countertop in the Chelsea kitchen of Etsy's COO.

## MODERN GREY KITCHEN

An artwork by Mircea Suciuc hangs on the sliding wall of bleached mahogany that separates the kitchen from the dining area in this contemporary Palm Springs apartment. In perfect contrast of the wood walls are the grey marble floors and metal cabinetry.

## INDUSTRIAL GREY KITCHEN

An industrial San Francisco home goes grey with sleek concrete floors and beams. The kitchen's cabinetry is by Henrybuilt, the countertops are PentalQuartz, the faucet is by Dornbracht, the stools are by Overgaard & Dyrman and the wall sculpture is by Manuel Neri.

## GREY FARMHOUSE KITCHEN

The grey country kitchen in a Long Island farmhouse features a marble sink with fittings by Sonoma Forge, the cabinetry is painted in Benjamin Moore's Hearthstone, and a collection of 1930s Bea Evan paintings found in Europe are in new frames by Bark Frameworks.

### COOL GREY KITCHEN

When a Long Island beach house was made over into a chic abode designed for family life, the kitchen was given a cool grey update. The cabinetry is lacquered in a Ralph Lauren paint, the refrigerator and range are by Thermador and the kitchen island is stainless steel and walnut.

### MODERN TREEHOUSE GREY KITCHEN

In a Mexican home nestled in the trees, the grey kitchen cabinetry, vent hood and table are by Boffi. The countertop is Caesarstone, the sink fittings are by Dornbracht, the range is by Wolf and the ovens are by Miele.

### MONACO GREY KITCHEN

In a home characterized by whimsy, the kitchen takes a more serious note with grey cabinetry. The small table and chairs are by Jeanneret; the oven, cooktop and hood are by Aster Cucine.

## DARK GREY KITCHEN

This mysterious yet inviting kitchen features a matte dark grey kitchen island. The custom-made stools and grey cabinetry are by Københavns Møbelsnedkeri.

### CONTEMPORARY GREY KITCHEN

A storied Manhattan townhouse is home to this cool grey kitchen, which has barstools by Philippe Starck and a vintage light fixture by Stilnovo. A dark hardwood floor adds a touch of warmth to the grey color scheme.

### COUNTRY-CHIC GREY KITCHEN

In the kitchen of an Upper West Side apartment, the sink, fittings, and tile backsplash are by Waterworks. The range is by Wolf, the pendants are by Circa Lighting, the custom island has a Calacatta marble top, and the flooring is limestone with black-marble cabochons.

### PALM BEACH GREY KITCHEN

In this spacious Palm Beach kitchen crafted by the award-winning design firm Pembroke & Ives, grey cabinetry and millwork blends with the pops of white in the luxurious space.

In this welcoming wood kitchen by Lori Carroll & Associates, a curved island that's complete with a built-in bar adds an unexpected touch.

The Kasliwal family, owners of the legendary Indian jewelry house Munnu the Gem Palace, incorporated wood accents into their intimate kitchen. The custom cabinetry was crafted by a local artisan, and the collection of brass urns add to the design's visual appeal.

INSIDE A  
BOLD HOME  
FILLED  
WITH

CON-  
TEMPO-  
RARY  
ART

CON-

TEMPORARY

Designer Holly A. Kopman had first worked with her client—a friend of hers—in 2010. When the client's home in Mill Valley, California was due for another update, she turned to Kopman to help her show off an extensive collection of contemporary art that included artists like Swoon, Anne Weber, and Todd Hido. To spotlight the artworks without overwhelming

them, the designer carefully selected luxurious wallcoverings and rugs in natural hues, and channeled her curator's eyes into creating sculpturesque vignettes that mixed the client's art collection with custom furnishings, transforming each corner of the house into its own immersive gallery. Discover the home here.

## BRIGHT GALLERY WALL

A custom console adorns the entryway from another angle, and the rug is from Tania Johnson Design. Kopman designed the console, which was then finished by Jafe Custom Finishing.

## HIGH CONTRASTS

The living room boasts a high-contrast color palette, with bold shades of black serving as an accent—which is particularly visible in the charcoal-black fireplace tile wall from Heath Ceramics and the black-and-white painting by San Francisco-based visual artist Charley Brown. A sofa from Holly Hunt looks out over a

marble table—also from Holly Hunt—toward the pair of Jiun Ho chairs. Custom sconces look like dramatic sculptures, gesturing downward from the tops of the bookcase and the far wall. The rug is from Stark.

**WALLPAPERED  
CEILING**

For the home office, Kopman custom designed the desk and hutch—it was fabricated by Tom Sellars and finished by Jafe Custom Finishing. The top of the desk is upholstered in leather. An array of prints creates excitement in the neutral-hued space, from the Carolyn Ray window shades to the Lindsay Cowles wallpaper accenting the ceiling. A suspended lighting fixture from Apparatus Studio imitates the shapes of the pattern on the shades, and a soft wallcovering from Phillip Jeffries anchors its surroundings.

**ELABORATE  
FABRIC**

A David Weeks Studio light fixture hovers here over a custom table. The banquette is covered in custom, zigzag-print fabric from Dedar.

### ONE-OF-A-KIND PIECES

Sheer Romo curtains filter abundant natural light into the dining room. A contemporary chandelier from John Pomp is positioned above a circular table with a wrought metal base from Gregorius Pineo. Mid-modern chairs from Michael Taylor surround the table on top of an antique Moroccan rug.

### KITCHEN TRANSFORMATION

Originally, the cherry floors had a bright red hue, which was challenging to work around, especially in a cool-toned, contemporary environment, so Kopman chose to stain them to achieve a darker, subtler ebony. She revamped the kitchen with

the help of Tim Cahoon, a local builder. Bold, smoke-colored pendants from Lindsey Adelman enhance the contemporary sense of the space, while the diagonal tile in varying shades of gray was sourced from Artistic Tile.

# BRILLIANT BONUS ROOM IDEAS

Creative ways to make use of your extra space.

If you're lucky enough to have a bonus room in your home, it's time to get creative and make use of the extra space. Bonus rooms are spaces that can help enhance your overall lifestyle, whether it's a relaxing spot to practice yoga or an organized area to put your DIY skills to the test.

## OFFICE

Don't fret if you were unable to finish your to-do list at work. Pick up where you left off in the comfort of your home office. This standout design by architect Carmel Greer includes a Noir Portuguese writing desk, the Eames Aluminum Desk Chair, and a custom jungle wallpaper print that's based on a Rousseau painting.

## CRAFT ROOM

Show off your DIY skills by creating a craft room in your home. For this elegant room by Kadlec Architecture + Design, varied storage ranging from baskets to shelving maintain organization.

## PLAYROOM

Sarah Joy's modern farmhouse features a neutral playroom, complete with a wire wall basket for books, a low shelf for yours, and, of course, a cozy tent for a dose of charm.

## CHILDREN'S ART ROOM

In Ivory Lane's art room, this Serena & Lily hanging chair works as a whimsical seating option atop a Kate Spade rug. Shiplap walls provide a mellow contrast to a wallpapered ceiling.

## GAME ROOM

Add a playful touch to your home by incorporating a game room. For a Manhattan townhome, architecture firm Leroy Street Studio and designer James Aman designed a glamorous, kid-friendly billiards room, featuring a chandelier by Stilnovo and a felt rug by Stark.

## GYM

If you're having a hard time making it to your local gym, carve out a space in your home to reach your fitness goals. A simple set-up with the right equipment, storage, and lighting are all you need to pull the space together.

## GUEST ROOM

Ensure overnight visitors have a chic and welcoming place to stay by carving out a dedicated guest room. This space, located in a sunny bungalow on the Adriatic coast, benefits from a striking purple accent wall and a headboard designed from a woven screen from Burundi.

## MEDITATION ROOM

Looking for a way to make your home more zen? Consider a meditation room, like this minimalist design scheme crafted by architect Fernando Arriaga for a Venezuelan businessman's mountainside retreat.

## LIBRARY

There's something special about a well-design library. In this Parisian design from fashion star Andrew Gn, a sofa by Christian Liaigre in a Lelievre velvet complements a 19th-century wing chair covered in a vintage leopard print, and a 20th-century African stool.

# Perfectly Appointed Pink and Gray Bedrooms

Soothing, chic, and  
striking spaces.

From millennial pink to Pantone's Living Coral, we are safe to conclude that pink is having a moment. Pair it with a calming neutral—like, let's say, gray—and you're well on your way to a gorgeous interior. While this pairing can play well in all areas of the home, it's the bedroom—a quiet retreat—in which the shades truly shine.

## PEACEFUL PINKS

Michelle Gerson created a zen-inducing respite in this airy master bedroom, with a light gray sateen Philip Jeffries wallpaper and a blush shagreen leather headboard, paired with pink velvet bedding and a blush mohair carpet.

## ABSTRACT ART

In a luxurious Upper East Side apartment, the airy design scheme is anchored by two pink Mariah Robertson prints above the bed's alpaca velvet headboard.

**BOHEMIAN  
CONTRAST**

Soft pink shades play into the bohemian style of this Kristine Peña-designed bedroom, while cool gray touches work to temper the feminine design.

**PATTERN-  
PUNCHED  
WALLS**

For a luxe Fifth Avenue apartment inspired by the city skyline, interior designer Nicole Fuller wrapped the walls in a Shabin pale pink Italian plaster, accented by silver and gold leaf. The bed is bespoke wrapped in a gray Pavoni leather, and the silk gray linens are from E.Braun, paired with throw pillows from Bottega Venetta.

**SATURATED  
SHADES**

Deep and saturated shades of gray and pink unite in this powerful and vivacious bedroom designed by Alessandra Branca.

### DELICATE TOUCHES

Designer Jenn Feldman elevated this calming bedroom design with luxurious bedding, including a tufted off-white bed topped with gray and pink accents.

### GILDED DETAILS

A gray and pink palette in this Janie Molster-designed Florida bedroom features creative accents that breathe life into the calming space. “Quiet details amp up the glam factor,” Janie says, “Like the silver-leafed bedside chests and antique candelabra hanging above the headboard.”

### POP OF PINK

In a minimalist, Scandinavian-style bedroom nook by French By Design, a simply decorated bookshelf showcases a pop of pale pink, offering warmth in the cool-toned room.

### JEWEL TONES

In a Greystone mansion designed by Massucco Warner, textured pink walls, brass accents, and cool gray touches fuse together seamlessly, creating a vivacious and dynamic space.
